Rt. 50 - Washington Street Project

Rt. 50 - Washington Street Project:

Beginning Monday, June 24, 2016:

A&M concrete crews will continue with digging at South Madison and South Pendleton. Then granite curb will be installed. Will begin forming and pouring concrete for sidewalk areas next week.

MIDDLEBURG TRAFFIC CALMING PROJECT PROGRESSING:

Madison and Pendleton Street direct access to Route 50 closed for about five more weeks.

For additional information [CLICK HERE](#)

Town Announcements: Storm Damage Repairs

PERMITS FOR STORM DAMAGE REPAIR

Many homes and businesses were damaged during the recent storm and will require repair or replacement of roofing, siding, windows, etc. Please be aware that such work may require permits from the Town and/or Loudoun County. The County Building Department should be contacted to determine if a building permit is needed. Even if a building permit is not required from the County, you may still need a permit from the Town, particularly if you are located within the Historic District and the work will not be in like kind with the pre-existing condition (a different form, material, or color than before). Contractors who do not regularly work within the Town may not be aware of these local requirements and could potentially perform work that the owner then becomes responsible for correcting. Please check with the Town prior to initiating any such work in order to avoid potential problems later.

Contacts:

**Town Zoning Administrator: (540) 687-5152
County Building Department: (703) 777-0220**

Contractors need a Business License in the Town of Middleburg if the Contracted job/jobs are over \$20,000. This license can be obtained in the town office.

Let's Talk Trash! Please put your trash in trash bags in the totes. This will help to keep the litter under control on trash day. Please bag your debris from the storm and put out for trash pickup.

Upcoming events in and around Middleburg:

Now through June 26 - last days of Byrne Gallery's Reflections on Glass Art Exhibition - This exhibition features dazzling color driven works in blown glass, flame-worked glass, cold-worked glass, kiln-formed glass, stained glass and glass sculpture The show is curated by Emily Pezzulich, a local glass artist and Vice President of the National Capital Art Glass Guild. 540-687-6986 for more information.

Saturday, June 25 - 8 am - 12 noon - Middleburg Community Farmers Market - C

Hess Orchard has peaches!!

Saturday, June 25 - Middleburg Humane Foundation's 21st Annual Black Tie Gala & Silent Auction will be at Zohar and Lisa Ben Dov's magnificent Kinross Farm on Saturday, June 25th. We hope you will consider joining us! As you know, we receive no federal, state or county funding and rely entirely on community support. While we raise limited funds through various booths and small fundraisers throughout the year, our primary revenue source is this June event. This is the opportunity to help a great cause and have a wonderful evening of dining and dancing at one of the area's most beautiful estates. Follow this link to learn more about the event and to purchase your individual tickets or tables TODAY!

<http://middleburghumane.org/annual-june-gala.html>

On the same day - National Sporting Library & Museum will have their "Carriage Day" - http://www.nationalsporting.org/nslm/featured_events

Also on Saturday, July 23 - **Craft Brew Craze**

Salamander Resort & Spa in celebrating the 30+ breweries and cideries in Virginia by hosting a festival July 23 called Twilight Tastings. It is the most unique brew-tasting event in the area featuring local breweries, cideries and distilleries in a stable setting surrounded by beautiful paddocks and horses. Guests can enjoy listening to live music and delectable food designed to pair perfectly with the brews. Craft beer has grown so much that Visit Loudoun has even created a "LoCo Ale Trail" and provide a map with the location and best route to all 17 breweries in the county. Loudoun pairs a modern and urban eastern corridor with wide-open rural seclusion on farms and pastures along the foothills of the Blue Ridge Mountains in the west. Loudoun's breweries match their local surroundings, as Beltway Brewing, Old Ox, and Ocelot to the east, offer large tasting rooms and refreshing beers for close to Washington DC. Further west, Dirt Farm Brewing, Old 690, and Barnhouse Brewery offer farm brewery experiences with the chance to see firsthand where the beer's ingredients are grown.

View the guide here: <http://www.visitloudoun.org/trip-ideas/loco-ale-trail/ale-trail-pocket-guide>

Sunday, July 31 - 9 am - Salamander Run Wild 5K - Benefits Crash & Herd - to sign up [HERE](#) -see flyer below.

Foxcroft School Hosting First Drone Workshop for Educators

Foxcroft partners with Kashmir World Foundation to host first drone workshop, "Teachers Take Flight" Da Vinci Challenge practicum July 11-15

Foxcroft School, in partnership with Kashmir World Foundation (KWF), will present a five-day "Teachers Take Flight" Da Vinci Challenge drone workshop this summer to train educators on the design, fabrication and utilization of unmanned aerial systems, or drones, and how to use them to engage students in STEM subjects (science, technology, engineering and math) in the classroom.

The workshop, developed by Kashmir Robotics (KR), will be held July 11 through July 15 at Foxcroft. It will run from 10am until 4pm Monday through Thursday; Friday's session is 8am until 2pm. It is the first such program created exclusively for teachers and appropriate for educators of all levels, from primary school through university.

More than 200 students, ranging in age from 8 to 80, have graduated from KR's Da Vinci Challenge: Build a Drone workshops. Two teams of Foxcroft students took part in the program early on -- including the very first workshop, where they were the sole all-girls group -- and Foxcroft offered its spacious campus as the Flight Day location.

Led by experts in STEM fields and education, the teacher workshop will focus on teaching the fundamentals of drone building and programming through a hands-on experience similar to KR's popular Da Vinci Challenge workshops. Teachers will participate in interactive sessions to acquire and share knowledge about using programs to inspire students.

Included among the daily seminar topics for the "Teachers Take Flight" workshop are drone building and safety, engaging students in STEM, multicopter assembly, mission planner training and school curriculum development. On the final day, attendees will participate in a Drone Flight Day using the drones they collaborated to build during the week.

To register or learn more, visit www.kashmirworldfoundation.org. Early Bird Registration for the five-day workshop is \$495. Enter the special code FOXCROFT at checkout. Break refreshments and lunch are included. Drone kits are an additional cost.
